

# FOULS DECISION TREE

- Time is always served for all personal fouls.
- Flag should always be thrown for personal fouls (Live or Dead Ball).
- Personal Fouls are either 1, 2 or 3 minutes of penalty time

- There are 4 possible results of a technical foul:
1. Nothing (offended gains possession & maintains advantage)
  2. Award possession based on offended team not obtaining ball or losing advantage
  3. Penalty Time
  4. Turnover or Take the Ball Away

*Technical Foul Administration on crease prohibitions are handled differently – see rule book*

*These are administrative processes for a single violation – consult rule book for multiple fouls or simultaneous foul situations*
